**Designed and Assembled in Florida, USA**

### with **YOU** in mind

Time is valuable. Nemo is hassle-free and easy to use.  
Spend more time underwater and less time filling tanks.  
Charge your battery and get out there!

### with **APPLICATION** in mind

Durability is key. Nemo's proprietary air pump withstands  
saltwater intrusion without damage. All of Nemo's parts  
are corrosion resistant and simple to maintain.

### with **SAFETY** in mind

Safety first. Our Nemo Online Dive Training Course  
prepares you for your underwater adventures with Nemo,  
whether it's your first dive or your thousandth dive.

### with **QUALITY** in mind

We don't buy cheap junk. Neither should you. Nemo is  
assembled in Pompano Beach, Florida from raw  
materials, where we take quality seriously.
